SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT

Dear Sir:

In connection with the above-entitled matter, Applicants hereby attach U.S. Patent Office forms PTO-1449, including copies of the references listed therein. Where available, English language counterparts and/or abstracts are being provided for the Examiner's convenience. These references were cited in a Korean Office Action dated February 10, 2006 issued in the Korean counterpart patent application and/or cited in a Japanese Office Action dated January 25, 2006 issued in the Japanese counterpart patent application. Enclosed are copies of the Korean and Japanese Office Actions, together with English translations of the relevant portions thereof. The claims in the present application are believed to be patentably distinguished over these references. Applicants are not submitting copies of the U.S. Patent references as the Office waived the requirement on July 11, 2003.

This Information Disclosure Statement is being made pursuant to the duty of disclosure imposed by law and formulated in 37 CFR 1.56(A). No representation is made that the

information thus disclosed in fact constitute prior art or that it is the closest prior art, inasmuch as 37 CFR 1.56(A) relies on a materiality concept which depends on subjectivity.

In compliance with the requirements of 37 C.F.R. § 1.98(a)(3), as a concise statement of relevance, as it is presently understood by the individual designated in 35 U.S.C. § 1.56(c) most knowledgeable about the content of the information, the undersigned attorney of record submits copies of the Korean and Japanese Office Actions by foreign examiners in which the references were cited. The relevance to the pending U.S. patent application is that the references were cited in foreign patent applications on the same subject matter. However, no independent analysis of the references, the accuracy of the statement of the foreign examiners or the claims of the foreign application under the laws of the country or the United States relative to the subject matter claimed in the present application has been made; the present understanding of the contents thereof by the undersigned being based on the foreign examiners' comments submitted therewith.

The enclosed Information Disclosure Statement is being submitted within three months of receipt of the Korean and Japanese Office Actions, as certified in the attached Certification for Information Disclosure Statement. Therefore, we believe there are no fees involved with this prior art disclosure statement. However, in the event there are any fees payable, please charge them to our Deposit Account No. 08-1391.
